

RNW Aircraft Services 530-314-9458

Record of Flight Training - VFR - Gazelle 342J

Airman Information		Flight Number		1	2	3	4	5
Name (Last, First, MI)		Date						
Certificate Type	ATP	Comm.		Aircraft N Number				
Certificate Number		Flight Time						
Location (City, St)		Day						
Signature		Initials		Night				
Instructor			Night Lndg					
Airman			Hood					
Grading Legend		Initial		Dual				
D Demonstration			Recurrent	Approach & Landing		1	2	3
1 Above Average			Transition	Normal / Crosswind				
2 Satisfactory				Shallow Angle				
3 Needs Improvement				Steep Angle				
4 Unsatisfactory				Go Around				
Flight Number		1	2	3	4	5		
Preparation								
Flight Planning							Run-on	
Weight & Balance							EMS	
Performance & Limitations							Pinnacle	
Preflight Inspection							Slope	
Surface Operations							After Landing	
Checklist Usage							Engine Shutdown	
Starting							Post Flight Inspection	
System Checks							Tie down	
Warning & Caution Lights							Night Operations	
Fire Detection							Aircraft Lighting Systems	
Fuel							T/O & Lndg Improved Areas	
Hydraulic							T/O & Lndg Unimproved Areas	
Anti-ice							Night Emergency	
Electrical							Emergency Procedures	
Before Takeoff Checks							Autorotation - Hover	
Takeoff To A Hover							Autorotation - Straight In	
Hovering Turns							Autorotation - With Turn	
Hovering Flight							Settling With Power (Oral)	
Landing From A Hover							Inadvertent IMC Recovery	
Takeoff							Tail Rotor Malfunctions	
Normal / Crosswind							Stuck Pedal L/R	
Minimum Power							Loss of Thrust	
Maximum Performance							Loss of Engine Oil Pressure	
Pinnacle							Loss of XMSN Oil Pressure	
Quickstop							High Engine Oil Temperature	
EMS Approach and Landings							High XMSN Oil Temperature	
Enroute							Chip Lights	
Straight & Level							Hydraulic Malfunctions	
Climbs & Descents							Governor Malfunctions	
Turns							Electrical Malfunctions	
Acceleration / Deceleration							Simulated Forced Landing	
Basic Instruments							Emergency Evacuation Drill	
Traffic Pattern Operations							Fire Procedures Aircraft/Engine	
Navigation (Pilotage & D.R.)							Abnormal Start / Shutdown	
Navigation (Electronic)								
Fuel Management								
Special VFR Procedures
